LOS ANGELES

ESTUDIO PERSONA

CATALOGUE

TABLES & OTHER

E

Estudio Persona is the design studio of Emiliana Gonzalez and Jessie Young. The Uruguayan designers have been working collaboratively together in Los Angeles since 2015. The studio's work regularly features bold silhouettes, neutral tones, and raw materials free of embellishment. The work of Estudio Persona celebrates the skilled community of manufacturers around Los Angeles as material or production "constraints" become opportunities and inform the design process.
